

Stampable Overlay Tint

BonWay™ Stampable Overlay is a three part system.

- **Gray Base Overlay** - 50 lb. (#42-350)
- **Liquid Primer** - 1 gal. (#42-351)
- **Optional Overlay Tints** - Multi colors in 2 oz. or 4 oz. bags

Using a high comprehensive strength fiber reinforced topping makes resurfacing structurally sound concrete easy. Can be finished with a broom, texture comb or stamping tools.

Apply 1 lb. tint per each 50 lbs. of base color material. Coverage rate is 22 sq. ft. at 1/4"; 16 sq. ft. at 3/8".

Color chips represented here show approximate results. Variations should be expected due to job site conditions and finishing techniques. A test pour should always be performed.

OVERLAY TINT COLOR CHART

			
#42-352 Rose	#42-353 Sunset Rose	#42-354 Desert	#42-355 Pewter
			
#42-356 Mesa	#42-357 Limestone	#42-358 Sandlewood	#42-359 Mocha
