

# Paint Chips for Epoxy Flooring

Use paint chips with Bon's Epoxy Floor System to create an attractive, seamless chemical resistant and extremely durable surface. Solid colors can be used alone or can be mixed to meet design specifics.

Color chips show approximate results. Variations should be expected. Available in 1 lb and 12 lb containers.

LIGHT COVERAGE

HEAVY COVERAGE

*Final appearance is determined by the density of application and the base color*

*As a general rule, 1lb. will provide a light cover on 200 sq. ft. and full cover on 10 sq. ft.*
