

- ▶ **Precision finishing tools**
- ▶ **Designed for control, balance, and consistency on slab work**
- ▶ **Built for contractors who demand performance from the first pass to final finish**

WALKING EDGERS/ HAND EDGERS

Designed to maintain clean slab edges while reducing fatigue on large pours.

WALKING EDGERS (#63-380 thru 63-399)

#63-394

- 10" x 10"
- 1/2" Radius x 3/4" Lip

#63-385

- 9" x 7"
- 3/8" Radius x 1/2" Lip

HAND EDGERS (#63-400 thru 63-453)

#63-410

- 6" x 4"

#63-411

- 6" x 4"
- 1/2" Radius x 3/4" Lip

WALKING GROOVERS (#63-315 thru 63-334) HAND GROOVERS (#63-345 thru 63-377)

Engineered for straight, consistent control joints with reduced operator strain.

#63-330/63-373 (Hand)

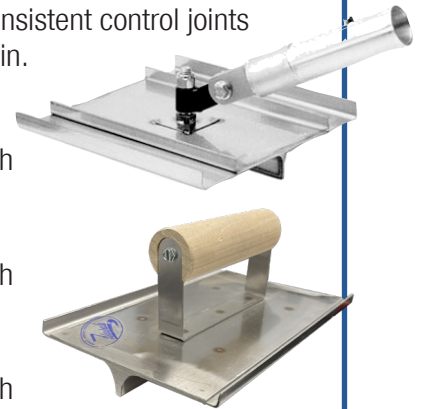

- 10" x 10"
- 3/4" Radius x 7/8" Depth

#63-325/63-360 (Hand)

- 8" x 8"
- 1/2" Radius x 3/4" Depth

#63-322/63-369 (Hand)

- 9" x 7"
- 3/4" Radius x 7/8" Depth

MAGNESIUM FLOATS – CAST

Lightweight magnesium construction delivers superior slab control and smooth finishing.

#22-420 – HF16

- 16" x 3-1/4"
- Wood Handle

#22-424 – HF16N

- 16" x 2-3/8"
- Wood Handle

STAINLESS STEEL GLIDERS

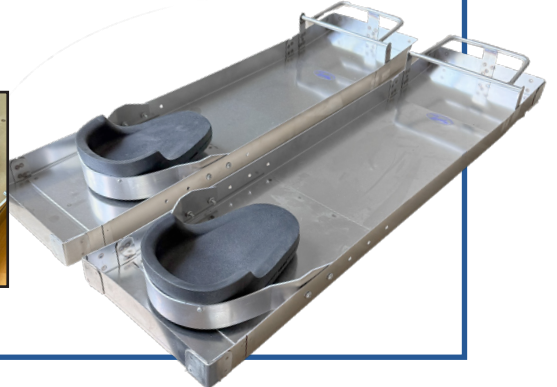

Designed to glide smoothly over fresh concrete for controlled finishing and reduced drag.

#63-288 – 31"

#63-289 – 28"

Adjustable
Kneepads

Why Haivala by Bon?

- Built for slab efficiency
- Trusted professional-grade materials
- Designed for balance, control, and clean results
- Backed by Bon Tool's legacy of quality
