

Mortar Mesh

- ▶ **Creates a barrier to stop flow of grout when filling block wall cells**

- ▶ **Effective way to limit solid grouting to upper block courses**

- ▶ **Allows moisture to pass during construction**

- ▶ **100' rolls come in 4", 6", 8" and 10" widths**

TECHNICAL DATA SHEET

Extruded Plastic Net 26g/m2. Cut into Small Roll Size. Used for Mortar Mesh.

Item		Technical Requirement
Material		Polypropylene
Mesh Size (mm)	Transverse	8±2 mm
	Longitudinal	8±2 mm
Area Weight (g/m2)		26±3 g/m2
Tensile Strength (KN/m)	Transverse	2.0
	Longitudinal	2.8
Color		White
Roll Size and Packing		Code: 81-118; Roll size: 4inch X 100feet (10cmX30m); Packing: 27rolls/carton;
		Code: 81-119; Roll size: 6inch X 100feet (15cmX30m); Packing: 27rolls/carton;
		Code: 81-120; Roll size: 8inch X 100feet (20cmX30m); Packing: 18rolls/carton;
		Code: 81-121; Roll size: 10inch X 100feet (25cmX30m); Packing: 18rolls/carton;
