## **BON EXPANDS URETHANE MAT OFFERING AFTER ACQUISITION OF THE ASSETS OF SPECIALTY CONCRETE PRODUCTS**

*Popular SCP Mat Patterns Currently in Production*

(GIBSONIA, PA, USA) – The BonWay™ division of Bon Tool Co. has expanded its decorative concrete product line with the addition of over 60 new urethane texture mats. The new patterns have been added to the 2020 product line as a result of Bon's recent purchase of the operating assets of Specialty Concrete Products, formerly of West Columbia, South Carolina.

This expansion nearly doubled the available BonWay™ standard mat patterns and added many specialty stamps including Animal Track Stamps; Leaf Stamps; Oceanic Stamps; Fossil Stamps; and Letter and Number Stamps. Additional mat patterns will be added in the coming year. See all at [www.bontool.com](http://www.bontool.com) or request a full line master catalog on line or by calling Bon's customer service line 800-444-7060.

Commenting on the purchase, Bon executive sales manager Joe Romesburg says he is excited to get more product options to Bon customers. "Our manufacturing plant is already up to speed with the process of manufacturing urethane mats and stamps. The purchase of this new tooling now allows us to bring many more options to our customers."

The BonWay™ Decorative Concrete division of Bon Tool Co. was formed to manufacture and market tools and materials specifically for the decorative concrete trade. With a full line of products including Release Agents, Concrete Coloring, Touch-up Tools, Texturing and Patterning Tools, BonWay™ has everything needed to produce attractive alternatives to ordinary concrete.

### **About Bon Tool Co:**
