BonWay™ PRODUCT LINE EXPANDED

Many new Urethane Stamping Patterns now Available

(GIBSONIA, PA, USA) – In response to the continued demand for decorative concrete options, the BonWay™ division of Bon Tool Co. has expanded its product line with 12 new urethane mat patterns, new Deer and Salmon Nature Stamps, and a unique Cobble Circle Urethane Mat System.

The new mats added to the BonWay™ product line mimic a variety of paving materials for patios, porches, driveways and sidewalks, including stone, rock, slate, tile, brick and wood planks. In total, over 35 new stamping mats are being manufactured by Bon, as many of the patterns come in multiple layouts, multiple sizes or matching thinner and more flexible floppy mat options. All parts can be viewed on line at www.bontool.com and are included in the Bon's 2021 Master Catalog, which can be requested on Bon's website.

The Cobble Circle System has two mat sizes which can be used in multiple layouts. Use the small mats alone to create a 4' 4" diameter textured circle; use the small and medium mats to build a 9' full textured circle shape; or use the medium mat alone to create a textured border circle or semi-circle.

The BonWay™ Decorative Concrete division of Bon Tool Co. was formed to manufacture and market tools and materials specifically for the decorative concrete trade. With a full line of products including Release Agents, Concrete Coloring, Touch-up Tools, Texturing and Patterning Tools, BonWay™ has everything needed to produce attractive alternatives to ordinary concrete.

About Bon Tool Co:

Bon Tool Co., a leading manufacturer of construction tools and equipment in the United States, has been manufacturing construction tools for professionals since 1958. More than 5,000 contractor-quality hand tools are currently available. For more information contact our sales department at 800-444-7060 or visit the website at www.bontool.com.
