FOR IMMEDIATE RELEASE

BonWay™ PRODUCT LINE EXPANDED WITH NEW DECORATIVE CONCRETE BORDER KITS AND MAT SET

(GIBSONIA, PA, USA) – The BonWay™ division of Bon Tool Co. has expanded its decorative concrete product line with four new [Decorative Concrete Border Kits](#) and a [4-piece Border Stamp Set](#). These new border imprinting tools provide alternatives to the urethane border mats already available from Bon.

The Border Kits each include a Stamping Roller and a matching Border Mat to quickly and easily install patterned borders. The rollers are 8” or 9” wide and offer a simple way to incorporate linear features to decorative concrete jobs and provide a custom look even for curved areas. With the rollers, borders can be rolled out by one person, saving time and money. Four border patterns are available: 8” Cut Slate; 8” Worn Brick; 9” Old World Soldier; 9” Old Stone Tile. The rollers are equipped with brackets that attached to threaded Bull Float Handles (Bon Part #12-115).

Bon’s new Border Stamp Set is available in the classic and popular Worn Brick Soldier Course pattern. The set of 4 mats is each sized 25” x 8”, and stamps the exact same pattern. Three of the mats are standard rigid and one “floppy” in the set is more flexible for easier use against obstacles.

The BonWay™ Decorative Concrete division of Bon Tool Co. was formed to manufacture and market tools and materials specifically for the decorative concrete trade. With a full line of products including Release Agents, Concrete Coloring, Touch-up Tools, Texturing and Patterning Tools, BonWay™ has everything needed to produce attractive alternatives to ordinary concrete.
