BON INTRODUCES NEW STEEL CITY FINISH TROWELS

Over 200 new Trowels for Concrete and Stucco work

(GIBSONIA, PA, USA) – Bon’s offering of contractor-grade hand tools has been expanded with a line of the highest grade professional finish trowels. The new trowels are marketed under the brand name Steel City Trowels™ by Bon. Over 200 new trowels are in production covering all of the most popular sizes in demand for concrete and stucco work.

Steel City Trowels™ are produced to the highest quality standards, setting a superior performance standard in the marketplace. Bon’s new trowels feature an industry exclusive rivet system in which the aluminum shank is attached to the blade utilizing two copper rivets. This provides maximum strength and durability.

Bon Steel City Trowels™ are available in four blade materials which are of the finest grade and precision ground: Golden Stainless Steel; Razor Stainless Steel; Blue Steel; and Carbon Steel. Options include square end or round end, short or long shank. The wide variety of available styles and sizes are equipped with choice of Bon’s patented Comfort Wave or Camel Back Wood handle. Both handle options are ergonomically designed for comfortable, all day use.

About Bon Tool Co:
