BON ADDS TWO NEW DOLPHIN KNIVES TO PRODUCT LINE

Innovative Utility Knives for Multiple Cutting Applications

(GIBSONIA, PA) --The popular DOLPHIN™ KNIFE SYSTEM offered by Bon Too Co. has been expanded to include two new knives for Bon's 2021 product line. These unique and innovative multi-use knives permit fast and easy blade changes with no tools required.

All DOLPHIN™ KNIVES from Bon are ergonomically designed with a larger than standard size handle with a unique dolphin-like arched back. They are built to last with a die-cast aluminum housing and each includes a polypropylene holster with belt clip to provide safe storage, even when the blade is exposed.

The new SPINNER DOLPHIN KNIFE has an innovative spin top closure function that allows quick and easy blade changes. The Spinner Knife is equipped with a trapezium blade. Also new for 2021 is the RETRACTABLE BLADE DOLPHIN KNIFE which is equipped with an 8-point breakaway blade. Both knives are suitable for multiple uses including cutting carpet, roofing felt, PVC flooring, insulating materials and more.
